Regular and punctual attendance is expected of all students. Students are required to attend school every day, arrive on time, and obtain authorization for absences. At AES, Parents/guardians and school staff work together to ensure regular attendance for student success.

Parents/guardians are expected to:

- Notify the school if their child will be absent or late as soon as possible.
- Provide medical documentation to substantiate their child's illnesses if requested by the Principal.
- Provide a written permission for the child when they need to leave school for any reason before dismissal.

Please note: A student with less than 85% attendance will require a case-by-case review. Re enrollment may be considered.

Late Arrivals

If a student arrives at school after the entry bell, in the morning, or after lunch, they are considered late and must go to the office for an admit slip.

Please note: A student with a consistent record of arriving late to school will require a case by-case review. Re-enrollment may be considered.

Allergies/Medical Conditions

Some students and staff members at AES have life-threatening allergies (i.e. nuts). If they smell or come into contact with certain foods, they may have an anaphylactic reaction. If a student has a serious or severe allergy or medical condition, the parents must immediately communicate the information to the school. They must speak to the school office and complete the appropriate medical forms. If a student requires an EpiPen, the student must carry the pen with them, or the staff will store it at a place easily accessible by teachers and administrative staff. AES Admission Policies and Procedures

Due to the limited space available at AES, preference is given only to Ahmadi students for admissions. Presently, the enrollment number per class is limited to 25. If the number of applications exceeds the maximum available spots, each application will be evaluated on its merits as determined by the admission committee. The school's admission committee is comprised of the Principal and at least two staff members.

Procedure for Admission in Grade 1

1. AES will start accepting applications for Grade 1 admissions in January.
2. Parents will be required to fill out an online application form on the Ta`lim Website to register for the admission process in Grade 1.
3. The application's closing date will be March 31, each year. Late submissions will only be considered for the admission process if seats are still available after the first run of the admission process has been completed. Otherwise, the names of the applicants will be placed on the waiting list.
4. In April, the parent will receive an acknowledgment email confirming that the application is processed. The email will also provide the outline of the entrance test.
5. The admission/entrance test will be administered in the first week of May.
6. Applicants are required to complete the assessment prior to admission for AES.
7. If more applications are received than available spots, students will be ranked according to their assessment results.
8. All applicants with the top 25 highest marks will receive an Offer of Admission in the third week of May.
9. When deciding the final few seats for admission, if two applicants achieve identical test scores, preferential consideration will be given to an applicant who has a sibling enrolled in the school.
10. If two applicants do not have any siblings enrolled in the school achieve identical test scores, the applicant who applied first will be offered admission.

11. If a parent does not accept the Offer of Admission within the period specified, the spot will be offered to another applicant.
12. Applicants who have siblings who are already attending AES will be given priority consideration provided they pass the entrance test.

Age to Apply in Grade 1

The minimum age to apply for admission at AES in Grade 1 is five turning six by December in the year of entry. However, upon a proper review of the case, a seven-year-old student (a Grade 2 student) will also be allowed to apply for admission in Grade 1.

Enrollment in Grades 2 to 8

The names of the applicants who apply for Grades 2 to 8 will be placed on the waiting list and will only be contacted when a spot becomes available in the grade they applied for.

If a spot becomes available, candidates will be chosen from the top of the waiting list for the entrance test. No preference will be given to any candidate further down in the waiting list, unless an applicant has a sibling enrolled in the school.

Upon successfully passing the entrance test, admission will be offered to the selected candidates.
